GREAT CANADIAN TRAVEL EXPANDS DOWNTOWN **Another Vacant Building Comes To Life**

CentreVenture Development Corporation is pleased to announce that Great Canadian Travel has purchased 158 Fort and will be expanding their operations in downtown Winnipeg

“The new building is part of our \$900,000 investment in growth and acquisition of a Chicago-based travel company” said Max Johnson, President and Owner of Great Canadian Travel Company. “Over the next 12-18 months we will be expanding our workforce to 30 people and providing all the web development and international back office services from Winnipeg. We chose downtown because our employees want to be part of a community-- they want to be able to walk to places and events -- downtown has everything.”

CentreVenture has purchased the company’s existing location at 273 Donald. “Strategically, it’s a good move for us” said Annitta Stenning, President & CEO of CentreVenture Development Corporation. “Their building, adjacent to the Metropolitan Theatre and opposite Eaton’s, gives us options for future development, allowing us to find the highest and best use for the long term.”
